## Dissemination activities

- Dissemination Plan
- Monitoring dissemination activities
- Dissemination Reports
- Newsletters

# Dissemination Plan

- A draft version of Dissemination plan has been prepared and will be placed in the Dropbox folder after the meeting.
- The dissemination plan proposed will set clear and measurable dissemination objectives and targets that are time-related, can be evaluated and change as the project progress.

# Dissemination Reports

- Dissemination reports will be prepared as following:
  - 30 days before submitting Progress report
  - 30 days before submitting Interim report
  - 30 days before submitting Final report
- CALLIDUS will develop a dissemination log where all dissemination actions and activities can be recorded by partners.
  - This log will be available from December 2020 and will be located within the project Dropbox.

# Newsletters

4 on-line newsletters will be produced during the project in May 2021, February 2022, November 2022 and August 2023.

- These will be distributed through the project website and the Facebook page and through other appropriate channels.
- They will be translated on each partner's languages.
